

Streets and Roads on the Ohio to Erie Trail (Oct 2022)

Explanation: this list is ever changing as city streets and rural roads are replaced with paved recreational trail. We have selected, working with local government agencies, street/road routes closest to the OTET that are least traveled by cars and trucks. Nearly all are well marked with the Ohio State Bike Route 1 signs.

Each of our Trail Guide regional maps covers approximately 60-110 miles. The street are urban while the roads listed are considered rural. We have not listed streets or roads that are less than 1/10 mile in length. We estimate that there are 35 miles of the OTET on city streets and rural roads as of October 2022. OTET total mileage is 324.5: Streets/Roads 10.9%; Dedicated Trail 89.1%.
